# CENTER FOR EXPERIENTIAL LEARNING

## The Center For Experiential Learning

is a high school

designed to meet the educational and social-emotional needs of students within grades 9 through 12 who are considered to be “at-risk” for dropping out of high school.

Many students enrolled at the Center for Experiential Learning have met with either academic and/or social difficulties. Each student in the program possesses a strong desire to earn a Regents Diploma.

The curriculum at the Center for Experiential Learning is grounded in the New York State Learning Standards. We emphasize a project-based education, in which students learn by actively engaging in learning, thinking and problem solving. We teach students both within the classroom and within their local environment and surrounding communities. For juniors and seniors, Technical and Career Education opportunities are also available.

At the Center for Experiential Learning, we create and develop individual learning plans for each student. We work in collaboration with parents and with local school districts to ensure that our programs of study meet and exceeds high standards.

## Learning Opportunities

We offer students increased individual attention by offering reduced class sizes, and by working to establish positive relationships with students and their families.

## Student Goals

- Graduate with a Regents High School Diploma
- Be a positive and a contributing member to the school community, as well as to the local community
- Develop a desire to learn, and to seek consistent self improvement

## Student Expectations

- We expect all students to care about themselves, others and the community
- We expect all students to actively participate within their education

## Frequently Asked Questions

**Q: How can my child attend your school?**

**A:** Students are referred by their local school districts, usually through the student’s guidance counselor.

**Q: Will my child graduate with a diploma?**

**A:** Yes, students who graduate earn a Regents High School Diploma, as if they were attending their local district. There is no indication on the diploma that a student was enrolled at the Center for Experiential Learning.

**Q: How do I find out more information?**

**A:** Please contact your child’s guidance counselor and/or school administrator.
