GENERAL INFORMATION

1.1 The Wayne-Finger Lakes BOCES and component School Districts require **CALCULATORS**. The BOCES and School Districts have agreed to form a Cooperative Bid Group as authorized by General Municipal Law Section 119-o. It is the intent of the Cooperative Bid Group (hereinafter referred to as "Participants") to contract with vendor(s) and to establish prices for these items for the stated contract term. Notwithstanding the details presented in the specifications, it being understood that a complete reliable supply of **CALCULATORS** satisfactory to each participant shall be required in all cases.

1.2 The participants reserve the right to add or remove using Departments, Agencies and School Districts from the contract at any time during the contract term.

2. AMENDMENTS TO BID:

Any verbal information obtained from or statements made by representatives of Wayne-Finger Lakes BOCES at the time of examination of the documents or site shall not be construed as, in any way, amending contract documents. Only such corrections or addenda as are used by the BOCES in writing to all Contracts shall become a part of the Contract. Any addendum issued during the time of bidding shall be included in bids and become a part of the Contract Agreement.

3. DESCRIPTION OF BOCES:

3.1 The Board of Cooperative Educational Services (BOCES) was created by New York State legislation in 1948. Today, there are thirty-eight organizations in the State. Each has its own governing board, elected by members of the Boards of Education of the component districts. The primary purpose of the BOCES is to provide services to two or more member districts more effectively and economically than one district could provide alone. Each year, the component districts request the services they want their BOCES to provide in the following year. The various requests for services and programs are assembled into an operating plan along with the associated budget. The State Department is required to approve all services before they can be provided to districts. Legal contracts are drawn up and approved by the district, the individual BOCES and the Commissioner of Education.

3.2 BOCES is an educational agency of the State, and must, therefore, adhere to all laws and regulations of the State of New York, which govern the public schools in the State, as well as regulations controlling the BOCES. BOCES receives most of its money from the member districts. In return, the member districts receive BOCES aid based on their relative wealth and need for the service. The various BOCES operate many programs. Generally, the largest programs are associated with Career & Technical and Special Education.

3.3 Wayne-Finger Lakes BOCES covers a four county region and supports 25 component school districts. Students served by BOCES are provided instructional programs including Career and Technical education, programs for children with handicapping conditions, and Adult Education.

4. BOCES' RESPONSIBILITY:

Although this bid is issued, evaluated, and awarded by the Wayne-Finger Lakes BOCES at the request of itself and participating school districts, BOCES' liability under contract is limited to coordination and BOCES issued purchase orders only. Districts are required to generate their own purchase order (to the successful vendors) in accordance with the bid provisions and the attached schedule of awards.

5. PARTICIPANTS' RESPONSIBILITY:

Purchase Orders will be issued to the designated vendor(s) by the participant's authorized in accordance with established Municipal Accounting Practices. Those districts are solely responsible in contract for obligations entered into with the vendors.

6. CONTRACT TERM:

The contract resulting from this bid invitation shall remain in effect from Award thru March 31, 2020. The contract may be extended for up to one (1) additional period of one year or less by mutual agreement of the parties.

7. SHORT TERM EXTENSION:

In the event the replacement contract has not been issued, any contract let and awarded hereunder by the BOCES, may be extended unilaterally by the BOCES for an additional period of up to one month upon notice to the contractor with the same terms and conditions as the original contract including, but not limited to, quantities (prorated for such one month extension), price, and delivery requirements. With the concurrence of the contractor, the extension may be for a period of up to three months in lieu of one month. However, this extension terminates should the replacement contract be issued in the interim.

Any such items must be approved in writing by the BOCES prior to the contractor providing the items. Upon approval, these items will be added to the contract under the same terms and conditions. The Participants further reserve the right to obtain these items from other sources if the cost cannot be mutually agreed upon.

SPECIFICATIONS

1. QUANTITIES:

1.1 The items in Group I represent only a portion of the estimated annual requirements of our districts for the contractual term as shown in the items represented in the specifications. The totals are estimates ONLY and should not be construed to represent either maximum or minimum amounts to be purchased during the contract term. Therefore, the contract is only for quantities actually ordered.

1.2 In Group II, the bidder will also be required to provide a percentage discount from bidder's most current full line price list/catalog for future purchases made during the contract term. Discounts of less than 5% may be rejected. This portion of the contract is for quantities for items not available in Group I actually ordered during the contract term.

1.3 The participants are aware of the fact that the prices offered in some price lists are the lowest prices offered to education. Therefore, a discount of 0% may not be rejected. However, it shall be understood that a bidder offering a discount of 0% will be required to pay all shipping and handling as stipulated in this document.

2. MINIMUM ACCEPTABLE STANDARDS:

As described in the detailed specifications – see vendor bid listing.

3. MINIMUM BID REQUIREMENTS:

Group I – Bidders are directed to bid all items that they are able to supply as indicated on the bid proposal form. To be considered, a bidder must bid at least 75% of the items requested.

4. DELIVERY COSTS:

Delivery of all items shall be FOB destination. In recognition of the added overhead involved, due in part to additional handling this may create and because we expect the lowest price per unit of issue, a minimum order quantity is recognized at \$75.00 for all orders delivered to a single destination. Order quantities that do not meet the \$75.00 minimum may be delivered FOB destination with freight (or delivery charges) allowed. Shipping charges should appear as a separate item on the vendor's invoice. But, in cases where the aggregate sum exceeds \$75.00 for multiple orders being delivered to the same location, then there will be no freight or delivery allowance. Any additional freight costs the bidder may anticipate should be factored into the product bid price.
